Generally tailors will only use the best fabrics as even a novice can tell the difference when feeling the different cloths.

This site is not about advertising.

If you are lucky you will get a recommendation from somebody you know who already uses a tailor. measure you and then the next time you meet the suit is ready), it probably is factory made.

Its purpose is to provide information and recommend tailor shops in Thailand (Bangkok, Pattaya, Hua Hin, Phuket, Chiang Mai, Koh Chang and Koh Samui so far) that I PERSONALLY CONSIDER good.

A good, all year round fabric in England would be around 11-12 oz with 9oz being good in summer and 13oz good for winter.

Don't fall for cheap packages or special deals advertised in glossy brochures advertising a suit, a pair of trousers and two shirts for, say, US\$ 95.

Inspect the stitching, lining, quality of fabric used and general workmanship .Unless you really don't have anything to wear or are pressed for time, the ready-in-24-hours option should be avoided.

The number of fittings does not correlate to the quality or fit of the finished garment.
