What types of fabric do they offer? The first thing to do when you meet your tailor is choose a fabric.

Chances are good you'll end up paying much more than what you wanted to and having to settle for inferior quality.

Inspect the stitching, lining, quality of fabric used and general workmanship .Unless you really don't have anything to wear or are pressed for time, the ready-in-24-hours option should be avoided.

Nothing is wrong with that as long as the price reflects this and you have not been overcharged.

A good, all year round fabric in England would be around 11-12 oz with 9oz being good in summer and 13oz good for winter.

Its purpose is to provide information and recommend tailor shops in Thailand (Bangkok, Pattaya, Hua Hin, Phuket, Chiang Mai, Koh Chang and Koh Samui so far) that I PERSONALLY CONSIDER good.

I have individually hand-picked each one of them as I am aware of the prices and quality of their products.

Is it best to have a hand-made suit? There is no easy answer as to which is best.

If you are lucky you will get a recommendation from somebody you know who already uses a tailor.
