What types of fabric do they offer? The first thing to do when you meet your tailor is choose a fabric.

If you are lucky you will get a recommendation from somebody you know who already uses a tailor.

Chances are good you'll end up paying much more than what you wanted to and having to settle for inferior quality.

Generally tailors will only use the best fabrics as even a novice can tell the difference when feeling the different cloths.

This site is not about advertising.

Nothing is wrong with that as long as the price reflects this and you have not been overcharged.
