For those of you who work in grams, a simple conversion guide is 30grams = 1oz.

The number of fittings does not correlate to the quality or fit of the finished garment.

The content of this site is based upon my personal opinion.

Don't fall for cheap packages or special deals advertised in glossy brochures advertising a suit, a pair of trousers and two shirts for, say, US\$ 95.

It pays to do your homework before making your first appointment with a tailor.

All weights are woven in different qualities.

measure you and then the next time you meet the suit is ready), it probably is factory made.

I am also being sponsored by people like you to help me develop my site and add more good tailors in it.
